MODERNISM IN AMERICA AWARDS

do.co.mo.us[®]

The Modernism in America Awards is the only national program that celebrates the people and projects working to preserve, restore, and rehabilitate our modern heritage sensitively and productively. The program seeks to advance those preservation efforts, to increase appreciation for the period, and to raise awareness of the ongoing threats against modern architecture and design.

CELEBRATE THE BEST OF MODERNISM

Now in its eighth year, the Awards celebrate the documentation, preservation and reuse of modern buildings, structures and landscapes built in the United States or on U.S. territory. The Awards recognize those building owners, design teams, advocacy and preservation organizations that have made significant efforts to retain, restore and advocate for the aesthetic and cultural value of such places.

The 2021 Modernism in America Awards will be presented in-person on Thursday, November 11, 2021 at the Design Within Reach Third Avenue Showroom.

We appreciate your support for our mission and our ongoing efforts to advocate and celebrate great modern design.

Sponsors are critical to the success of the Awards Ceremony and the continuation of the Awards program.
